**CTC AVIATION AND CTC M^cALPINE OFFER FREE FLYING LESSONS
IN CELEBRATION OF 100TH ANNIVERSARY OF POWERED FLIGHT**

CTC Aviation Group and CTC M^cAlpine are offering 100 free trial flying lessons to young people between the ages of 16 and 19 years, through a quiz that celebrates the centenary of powered flight.

The 'History of Flight' quiz will be available online at www.ctcmcalpine.com and www.ctcaviation.com from 1 – 30 September 2003. All correct entries will be included in a prize draw, with the chance to win one of 100 free flying lessons, at flying schools around the country. Winners will be notified during October, and lessons will be taken before 17 December 2003, the 100th anniversary of the world's first manned powered flight by Orville and Wilbur Wright.

Chris Clarke, chairman of CTC Aviation and CTC M^cAlpine, said: "It is fitting that those of us involved in the training and development of future pilots should celebrate the achievements of early aviators. We are keen to attract the brightest and best into the profession and hope that this sponsorship will give young people across the country a taste of the thrill, challenge and satisfaction to be found in learning to fly."
